The "Week of Love", which is held by the GBCA, the Players' Union, ESAKE and the "Pelagos", started with the visit to the "Christodouleio Foundation".

The GBCA was represented by Elias Zouros (member of the administration board), Giorgos Zevgolis and Thomas Nikou.

During the visit they gave away presents and a... warm hug, with the president of the foundation saying that "We would like to thank from the depths of our hearts the unconditional love that you show to our foundation over the past years. The joy of the kids is great. I want to say again a big "thank you" from all our girls and I hope that our relationship will be carried on in the future".
